

## JAVA SCRIPT

- ❖ Press M key on keyboard (Single key)
- ❖ Press Ctrl + B shortcut key (Double key combination)
- ❖ Press Ctrl + Alt + Y shortcut key (Multiple key combination)
- ❖ Press Ctrl + Alt + Shift + U shortcut key (Multiple key combination)

### JAVA SHORCUT

#### USAGE

##### **Add a shortcut:**

```
$.Shortcuts.add({  
  type: 'down',  
  mask: 'Ctrl+A',  
  handler: function() {  
    debug('Ctrl+A');  
  }  
});
```

##### **Start reacting to shortcuts:**

```
$.Shortcuts.start();
```

##### **Add a shortcut to “another” list:**

```
$.Shortcuts.add({  
  type: 'hold',  
  mask: 'Shift+Up',  
  handler: function() {  
    debug('Shift+Up');  
  },  
  list: 'another'  
});
```

##### **Activate “another” list:**

```
$.Shortcuts.start('another');
```

##### **Remove a shortcut:**

```
$.Shortcuts.remove({  
  type: 'hold',  
  mask: 'Shift+Up',  
  list: 'another'  
});
```

##### **Stop (unbind event handlers):**

```
$.Shortcuts.stop();
```

## FEATURES

### Event types

**down** — On key down (default value).

**up** — On key up.

**hold** — On pressing and holding down the key.

The handler will be called immediately after pressing the key and then repeatedly while the key is held down.

### Supported keys

Modifiers: *Ctrl, Shift, Alt*

Numbers: *0—9*

Letters: *A—Z (case-insensitive)*

Special: *Backspace, Tab, Enter, Pause,*

*CapsLock, Esc, Space, PageUp, PageDown,*

*End, Home, Left, Up, Right, Down, Insert,*

*Delete, F1—F12, ? (Question Mark), Minus,*

*Plus*

### Multiple key combinations and multiple lists:

```
$.Shortcuts.add({  
  type: 'hold',  
  mask: 'Shift+Up,Shift+Down',  
  handler: function() {  
    doSomething();  
  },  
  list: 'first,second'  
});
```

### Chaining:

```
$.Shortcuts.add({  
  type: 'down',  
  mask: 'Ctrl+A',  
  handler: function() {  
    debug('Ctrl+A');  
  }  
}).start();
```

### Enable/disable shortcuts in input fields and text areas:

```
$.Shortcuts.add({  
  type: 'down',  
  mask: 'Ctrl+S',  
  enableInInput: true,  
  handler: function() {  
    debug('Ctrl+S');  
  }  
});
```
